PROFILE

BCA graduate and aspiring Python Developer with a strong foundation in Python, Django, SQL, PostgreSQL, and web application development. Completed an internship as a Python Django Developer Intern at Zecser Business LLP, contributing to the ZecPath AI project. Familiar with backend development, REST APIs, authentication, database management, testing, and deployment.

EDUCATION

Mahatma Gandhi University
Bachelor of Computer Applications (BCA) | 2023–2026

CERTIFICATIONS

Python for Data Science – IIT Madras | NPTEL, 2025

INTERNSHIP EXPERIENCE

Zecser Business LLP | *Python Django Developer Intern*
19 June 2026 – 8 October 2026 | *ZecPath AI Project*

• Contributed to the development of the ZecPath AI platform.
• Developed backend functionality and web application features using Python and Django.
• Created and integrated REST APIs to support application workflows.
• Worked with database design, relationships, and data management.
• Participated in bug fixing, testing, application deployment, and collaboration with the development team.

PROJECTS

- **AI-Based Plagiarism Detection System** | Python, SQLite

Developed a plagiarism detection system using Python, text-processing and document-handling libraries, and SQLite for data storage.

- **Student Part-Time Job Portal** | PHP, MySQL

Developed a web-based student job portal using PHP and MySQL for backend functionality and database management.

- **E-Commerce Website** | PHP, MySQL

Built an e-commerce website with web pages and database functionality using PHP and MySQL.

SKILLS

- Programming: Python, PHP, JavaScript, Java, SQL
- Framework: Django, Streamlit
- Databases: PostgreSQL, MySQL, SQLite
- Web Technologies: HTML, CSS
- Libraries & Tools: NLTK, SentenceTransformer, Scikit-learn, PyPDF2, BeautifulSoup, Matplotlib, Requests
- Development Tools: VS Code, Antigravity, GitHub
- Core Skills: REST APIs, database management, web development, text processing, problem-solving, team collaboration
- Soft Skill: Written and verbal communication
